

Yukon Stewardship Plan Consultation

Plan Highlights

Interchange
Recycling

May 7, 2024

Presentation Topics

1. **About Interchange**
2. **Stewardship Plan Status**
3. **Program Features**
4. **Collection**
5. **Access to Service**
6. **Environmental Outcomes**
7. **Awareness**
8. **Fair Compensation**
9. **Next Steps**

The background consists of several overlapping, semi-transparent shapes in various shades of blue, teal, and brown. The shapes are curved and organic, creating a layered, abstract effect. The text is centered over these shapes.

1. About Interchange

Interchange Highlights

- Not-for-profit formed in 2003
- Has operated BC-wide program for used oil, oil filters and used oil containers since 2003 – antifreeze added in 2011
- Over 250 steward members in BC
- Managed by multi-sector Board of Directors
- **Separately incorporated subsidiary** will deliver Yukon program
 - Adding diesel exhaust fluid to included products
 - Also adding all automotive containers
- Mandate is to ensure responsible collection and management of regulated products in each jurisdiction

2. Stewardship Plan Status

Consultation and Plan Submission

- Open stakeholder webinars
- Two ways to provide input on the Plan
 1. By completing easy online survey, and/or
 2. By written submission
- Stewardship Plan submission by September 25, 2024
- Plan covers 5-year term, July 1, 2025 – June 30, 2030

3. Program Features

The Yukon Program

Materials included

- *Lubricating Oil*
- *Antifreeze*
- *Diesel Exhaust Fluid*
- *Empty Automotive Containers to 55 litres*
- *Oil Filters*

- Will improve existing service accessibility/environmental outcomes
- Provides incentives to facilitate material collection and management
- Leverages collaborative opportunities (local government, FN, other PROs)
- Engages local members on Advisory Committee
- Responds to changes in markets, product use, materials

4. Collection

Collection Streams

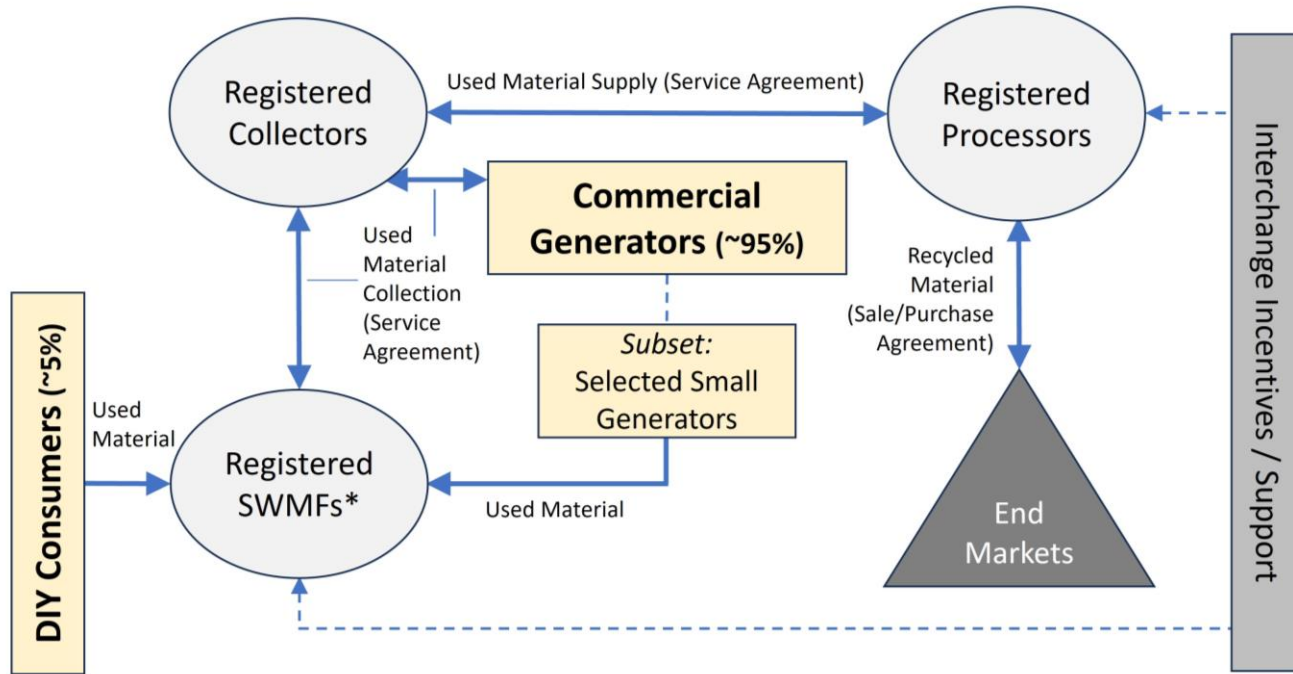

Commercial (~95% of material)

- Service stations, lube shops, large commercial operations (mining, forestry, agriculture)
- Businesses arrange collection directly with Registered Collectors

Consumer (~5% of material)

- Solid Waste Management Facilities (SWMFs), HHW Days
- No cost to DIY consumer/small generator
- SWMFs serviced by Registered Collectors
- Existing collection infrastructure leveraged where possible

Collection / Incentives Model

*Solid Waste Management Facilities

Capture Targets

- Baseline targets will be established using data collected in Plan years 1 and 2, with baselines increased by 10% year-over-year in years 3 through 5

(Reporting Year)					
Material	Qty Sold (example)	Minus Consumed in Use %	Minus Re-purposed %	Qty Available for Collection	Capture Target (% of Qty Available)
Lubricating Oil (litres)	100	No available data	No available data	TBD	TBD
Antifreeze (litres)	100	No available data	No available data	TBD	TBD
DEF (litres)	100	100%	0%	0	Awareness
Oil Filters (Units)	100	-	-	100	TBD
Automotive Containers (Kg)	100	-	-	100	TBD

5. Access to Service

Community Collection Model

- Interchange to work with other PROs/Yukon government to deliver equivalent service as in Yukon 2022 recycling report (*next slide*)
- Will also work with Yukon/local governments, FN, businesses, generators, other PROs to better define reasonable and free access to collection facilities/services
- Will publish locations/operation hours of SWMFs that accept program materials on Interchange Yukon website
- Will publish calendar of scheduled HHW Day events on Interchange Yukon website

Community Collection (cont'd)

Yukon Community Depots ("Y") and HHW Day events 2022

1	Whitehorse	HHW Days
2	Beaver Creek	Y
3	Braeburn	-
4	Carcross	Y
5	Carmacks	HHW Day
6	Champagne	Y
7	Deep Creek	Y
8	Dawson	HHW Day
9	Destruction Bay	Y
10	Faro	HHW Day
11	Johnson's Crossing	-
12	Keno (Closed in 2022)	-
13	Haines Junction	HHW Day
14	Marsh Lake	Y
15	Mayo	HHW Day
16	Mount Lorne	Y
17	Old Crow	Y
18	Pelly Crossing	Y
19	Ross River	Y
20	Silver City	-
21	Stewart Crossing	-
22	Tagish	Y
23	Teslin	Y {***}
24	Watson Lake	HHW Day

The background features a dark blue base with several large, overlapping, semi-transparent shapes in various shades of blue, teal, and grey. The shapes are curved and layered, creating a dynamic, abstract composition.

6. Environmental Outcomes

Material Management

- Interchange commits to understanding existing End-of-Life Material Management and improving environmental outcomes wherever possible
- Planned collaborations for collection and transportation will result in reduced carbon and ecological footprints
- Robust consumer awareness program will increase knowledge of proper disposal methods, improve collection/recycling performance
- Department of Environment will receive improved reporting on special waste management

The background consists of several overlapping, semi-transparent shapes in various shades of blue, teal, and brown. The shapes are organic and fluid, creating a layered, abstract effect. The colors range from a deep navy blue to a lighter, muted teal and a dark brownish-grey.

7. Awareness

Awareness Elements

- Accessible resources on program objectives, materials accepted, proper end-of-life handling (*Interchange website, informational brochures, educational campaigns*)
- Information on collection facility locations/accessibility (*site directory on website, local government recycling guides/calendars, signage at collection points*)
- Clear channels for inquiries/concerns via email or phone with prompt responses by Interchange staff
- Promotion of proper end-of-life disposal practices (*educational initiatives, social media campaigns, collaboration with community organizations*)

8. Fair Compensation

Interchange Incentives

- **SWMF Incentive** paid to offset operating costs
- **Infrastructure Grants** offered to SWMFs to support improved facility standards
- **Return Incentives** paid to Registered Collectors and Processors to offset costs of transporting and managing materials

9. Next Steps

- Consultation open to July 31, 2024
- Three virtual information sessions (May 28, June 17 and July 16) – [Register](#)
- Two ways to provide input on the Plan
 - Complete easy [online survey](#) (*preferred*)
 - Send written submission to Will Burrows at wburrows@interchangerecycling.com
- Written submissions will receive a response
- All submissions recognized in consultation summary
